

5. Principles for [academia-industry cooperation](#) projects:

- (1) Amounts under NT\$20,000 will be reclaimed by NCHU to support academic endeavors with 20% of amounts exceeding NT\$20,000 for overall planning and 80% left for the Principal Investigator (no time limit).
- (2) Balances may pay for teaching, research, assistants, materials, equipment, and foreign business travel expenses (subject to the approval of academic funding review meeting with the Research and Development Office).
